**Subject:** Resolution Authorizing the Execution of a Railroad Reimbursement Agreement Between Miami-Dade County, the South Florida Regional Transportation Authority, and the Florida Department of Transportation for the Installation of a Grade Crossing and Crossing Traffic Control Devices at NW 28 Street in the vicinity of NW 37 Avenue

## **Recommendation**

It is recommended that the Board of County Commissioners approve the attached resolution authorizing the execution of a Railroad Reimbursement Agreement between Miami-Dade County (County), the South Florida Regional Transportation Authority (SFRTA), and the Florida Department of Transportation (FDOT) for the installation of a grade crossing and crossing traffic control devices at NW 28 Street in the vicinity of NW 37 Avenue; and authorizes the County Mayor or the County Mayor's designee to exercise all provisions therein.

## **Scope**

This Agreement is for one (1) crossing located within Commissioner Bruno A. Barreiro's District 5 and Commissioner Rebeca Sosa's District 6.

## **Fiscal Impact/Funding Source**

The fiscal impact to the County is 50 percent of the crossing signal's yearly maintenance, estimated at \$4,221.00 and to be funded through the Secondary Gas Tax (index code CPE06SEC). In addition, upon acceptance of the new section of the road on NW 28 Street between NW 39 Avenue and NW 37 Avenue, the County anticipates an additional annual road maintenance cost of \$4,100.00 to be funded through Secondary Gas Tax.

## **Track Record/Monitor**

The implementing agency is the Miami-Dade County Public Works and Waste Management Department and the Project Manager responsible for monitoring this project is Octavio Marin, P.E., Senior Professional Engineer.

## **Background**

The construction of certain components of the Miami Intermodal Center and the opening of a new railroad crossing required the extension of NW 28 Street between NW 39 Avenue and NW 37 Avenue. In order to comply with Florida Administrative Code Rule 14-57.012, FDOT initiated an application to open this new crossing through a Stipulation of Parties (SOP) for the County's execution. The SOP was approved under County Resolution No. R-313-15 and executed on August 11, 2015. The SOP sets forth the obligations and responsibilities of the County and FDOT, including that FDOT will construct and fund all the necessary improvements. The SOP further stipulates that upon completion of the improvements and

Honorable Chairman Jean Monestime  
and Members, Board of County Commissioners

acceptance by the County, the County would assume responsibility for the maintenance of NW 28 Street, including 50 percent of the yearly crossing signal maintenance cost.

The attached Railroad Reimbursement Agreement accounts for the improvements and maintenance responsibilities of the County, SFRTA, and FDOT. The County will be responsible for 50 percent of the crossing signal's yearly maintenance and the maintenance costs of the road, once the transfer of NW 28 Street and the improvements are accepted by the County.

4. Liability for services under this agreement shall be governed in accordance with the terms and conditions of the Operating Agreement. The County shall have no obligation under this section.
5. That State of Florida's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. In the event this Agreement is in excess of \$25,000 and has a term of more than one year, the provisions of Section 339.135(6)(a), Florida Statutes, are hereby incorporated:

"The DEPARTMENT, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The DEPARTMENT shall require a statement from the Comptroller of the DEPARTMENT that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the service to be rendered or agreed to be paid for in succeeding fiscal years; and this paragraph shall be incorporated verbatim in all contracts of the DEPARTMENT which are for an amount in excess of \$25,000 and which have a term for a period of more than 1 year."

6. Payment shall be made only after receipt and approval of goods and services unless advance payments are authorized by the DEPARTMENT's Comptroller under Section 334.044(29), F.S., or by the Department of Financial Services under Section 215.422(14), Florida Statutes (F.S.).

Interest penalties of less than one (1) dollar will not be enforced unless the Contractor requests payment.
